Chapter-1

INTRODUCTION

Chikoo and Cherry were on a holiday, sitting under the shade of a tree in their backyard.

Chikoo : What should we do today, Cherry? I feel like going on an adventure!

Cherry (excitedly): Oh! Remember that old map we found last time? The one that led us to Indijoy Land?

Chikoo (grinning): Yes! That was amazing. We learned so much, like helping others selflessly, just like the River Kaveri, and studying with passion, like Tansen the musician.

Cherry : I wonder what new adventure awaits us this time. Let's go back to Indijoy Land !

With a wave of their hands, they closed their eyes and imagined themselves back in the mystical amusement park. Instantly, they were transported to the entrance of Indijoy Land.

Chapter-2

EKLAVYA'S ARCHERY ADVENTURE

Cherry, "Look, Chikoo! There's a new ride called 'Eklavya's Archery Adventure'. Let's check it out!"

They approached the entrance of the ride, and a voice welcomed them. Voice: "Welcome to Eklavya's Archery Adventure! Prepare yourselves for a journey of courage, dedication, and honor."

They found themselves in a futuristic vehicle designed to look like a horse-drawn carriage, with glowing wheels and a sleek, silver body. Chikoo (amazed): "Wow! It's like a mix of old and new. A carriage, but from the future!"

Cherry (giggling): "It's perfect for an adventure!" They climbed into the carriage, buckled their seatbelts, and the ride began. The vehicle slowly moved forward into a tranquil forest setting. Tall trees surrounded them, and the sound of chirping birds filled the air.

Chapter-3

TRAINING GROUND OF EKLAVYA

Voiceover : “Welcome to the training ground of Eklavya, the archer who dedicated his life to the art of archery. Learn his story and discover his devotion to his guru.”

Cherry (curious): "Who was Eklavya, Chikoo? Do you know?"

Chikoo : “ I think he was a great archer, but I don't know much about him. Let's listen.”

Chapter-4

EKLAVYA TEACHING HOW TO SHOOT

The carriage stopped, and an animatronic figure of Eklavya appeared, holding a bow. He started demonstrating the correct stance and how to shoot arrows with precision. On their seats, interactive bows emerged, attached to the carriage.

Voiceover : “Eklavya learned archery all by himself, with no teacher to guide him. Try to aim and shoot like he did.”

Chapter-5

CHIKOO AND CHERRY SHOOTING

Chikoo and Cherry grabbed their bows. A screen in front of them displayed a series of targets popping up.

Cherry : (determined): "I'm going to hit the bullseye, just like Eklavya!"

Chikoo : (focused): "Me too! Let's see who gets the most points!"

They aimed and shot their arrows, feeling the tension of the strings and the excitement of hitting the targets. Each hit added points, and their scores were displayed on a digital screen in front of them.

Chapter-6

CHIKOO AND CHERRY HITTING BULLSEYE

Cherry: (cheering): "Look, Chikoo! I hit three bullseyes!"

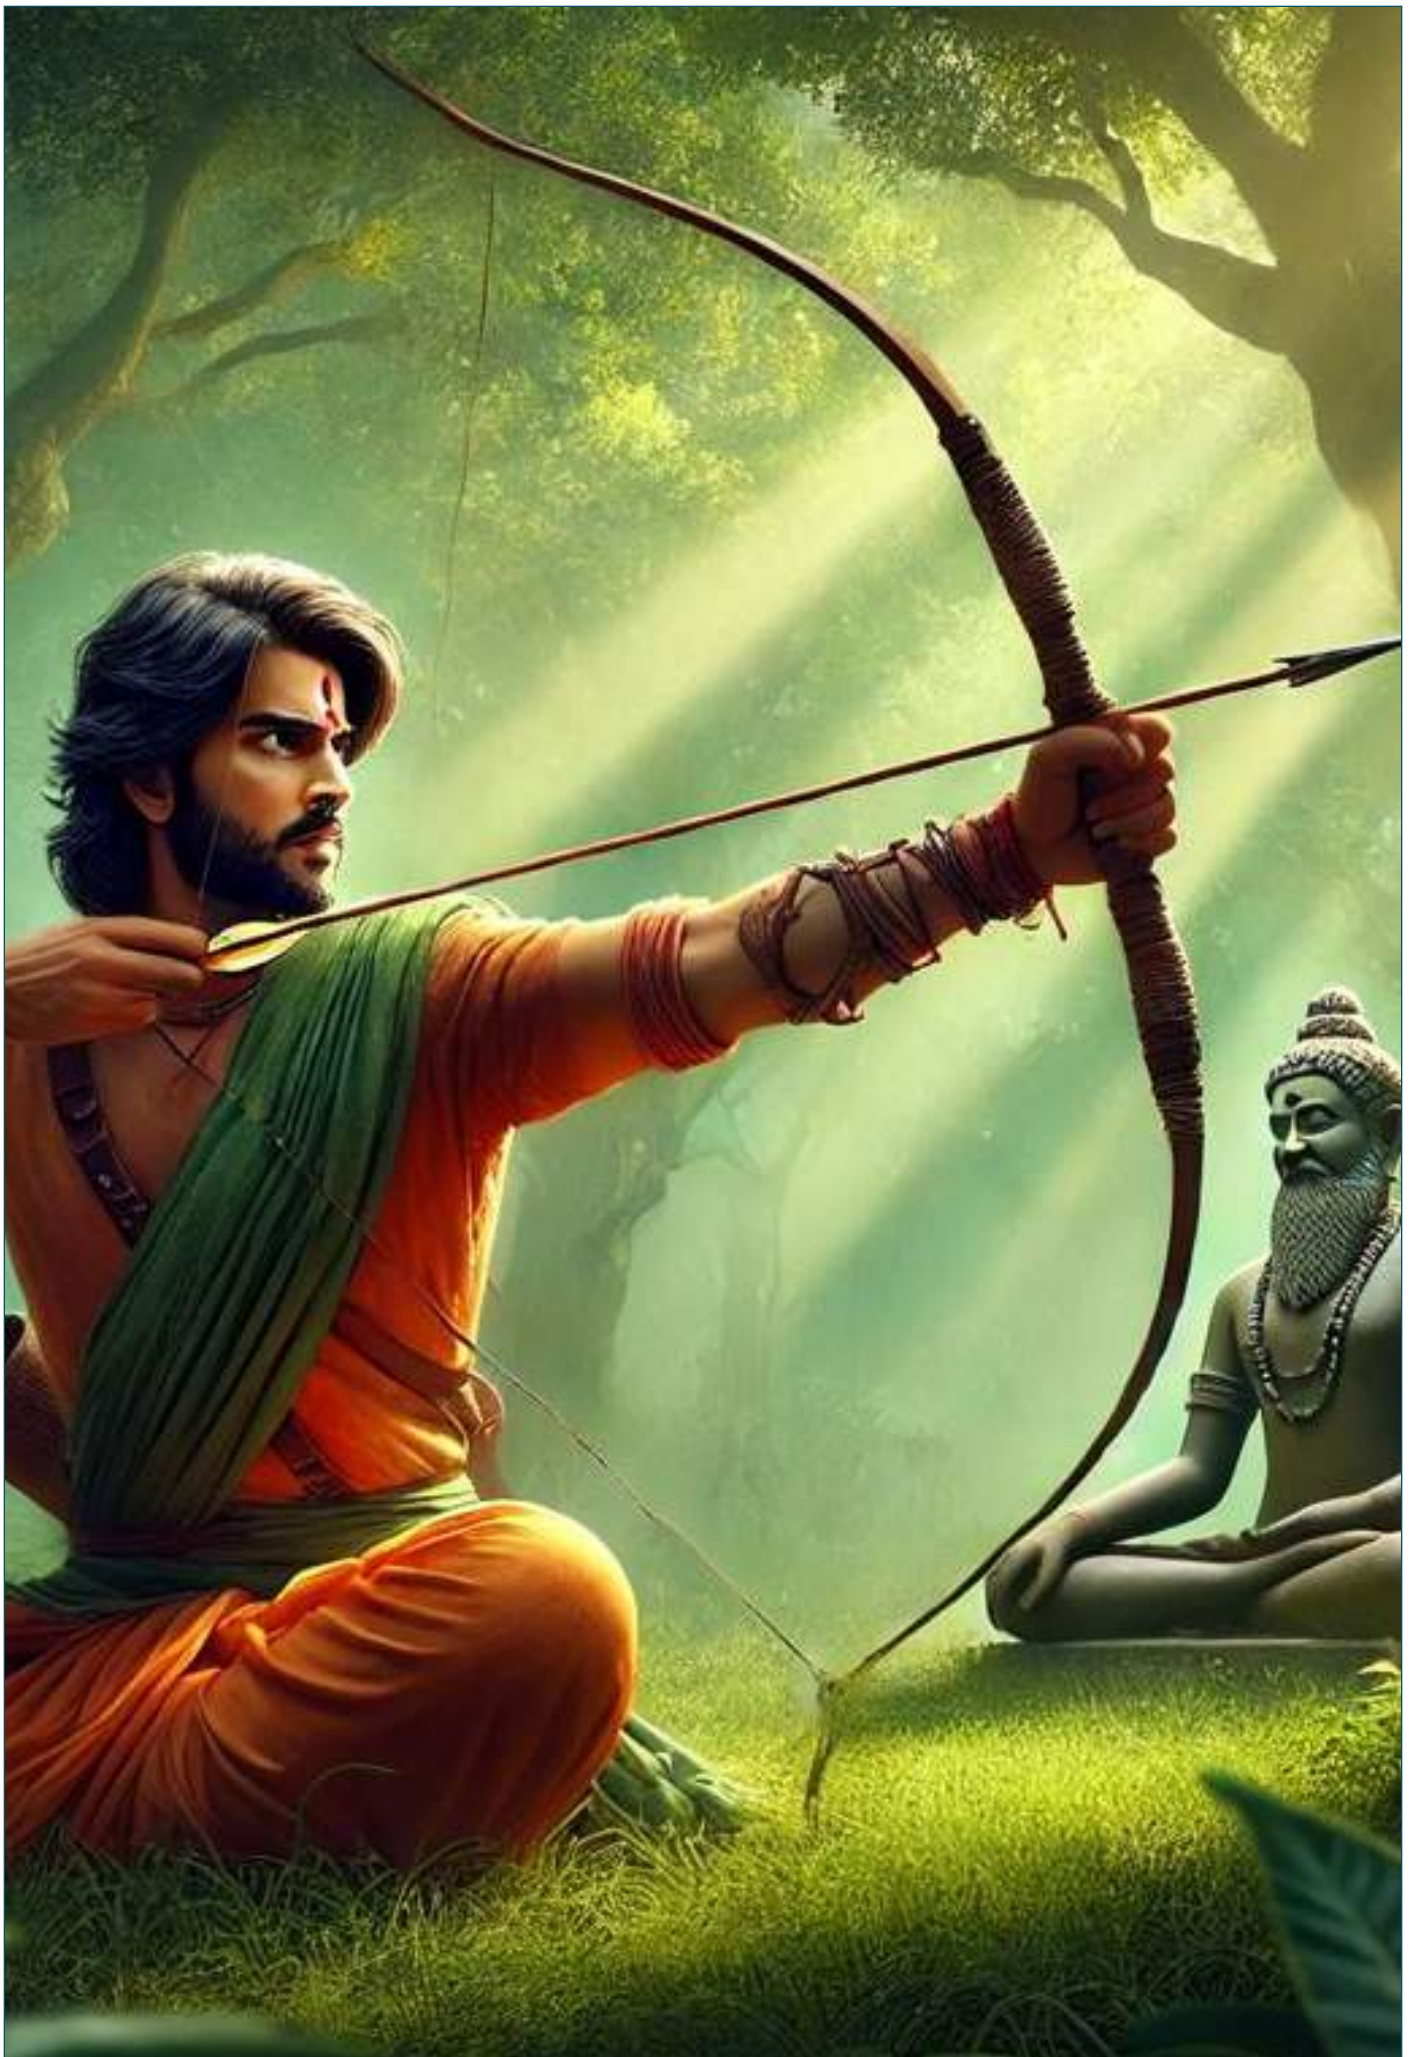

Chikoo : (laughing): "Not bad, Cherry! But I got four!"

Suddenly, the ride transitioned into a roller coaster section, speeding up and taking them through a deep forest. The vehicle twisted and turned, and animatronic animals appeared, mimicking a real hunt.

Cherry (screaming with joy): "Whoa! This is fast! Look, there's a deer! Shoot, Chikoo!"

Chikoo (aiming): "Got it! This is so much fun!"

They continued shooting at targets, feeling the rush of the wind and the thrill of the ride. The carriage slowed down, and they entered a new section where a holographic projection of Guru Dronacharya appeared.

Chapter-7

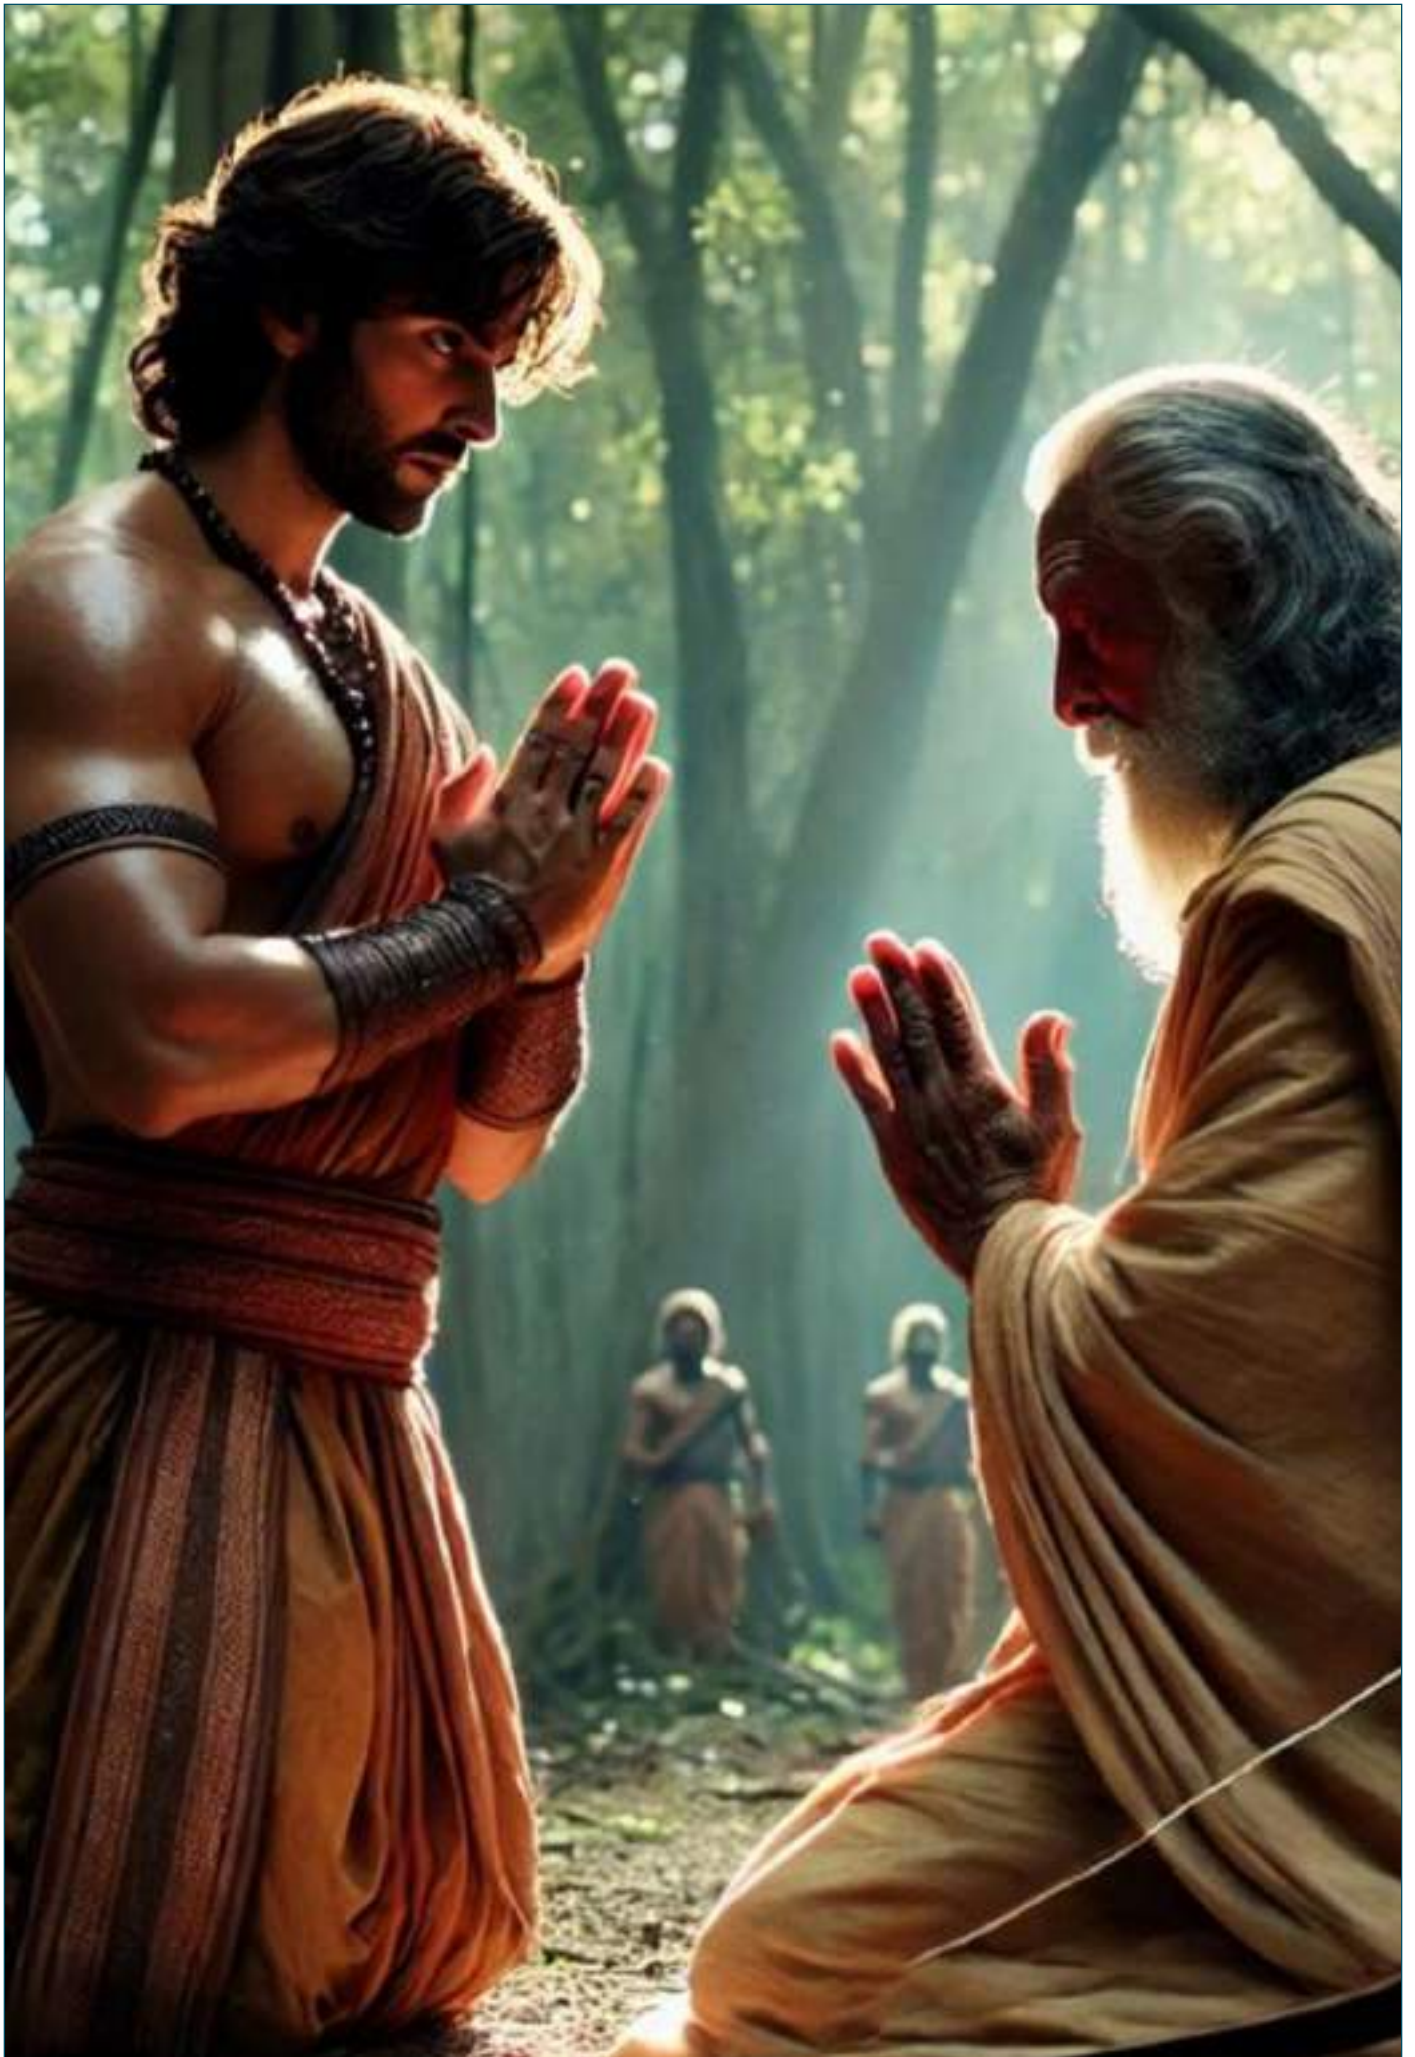

Eklavya Practicing In Front Of Statue Of Guru Dronacharya

Voiceover : “Eklavya wanted to learn from the great teacher Guru Dronacharya, but he was refused because he was not a prince. Eklavya's determination did not waver. He made a statue of Dronacharya and practiced every day in front of it.”

The scene showed Eklavya, practicing tirelessly in front of the statue of his guru, his face filled with determination.

Cherry (whispering): "That's so inspiring, Chikoo. He didn't give up, even when he was rejected."

Chikoo (nodding): "He truly believed in himself. That's the spirit of a true learner."

Chapter-8

Guru Dronacharya Asking For Gurudakshina

Voiceover : When Eklavya revealed that he had considered Dronacharya his guru, the teacher asked for guru dakshina. As guru dakshina , he asked for Eklavya's right thumb, so that there could not be a greater Archer than his student Arjun , knowing it would end Eklavya's archery skills. Eklavya without hesitation agreed to the guru's Wish.

Cherry (moved) "Oh, Chikoo... he gave up everything for his guru."

Chikoo (solemnly) "He did. It shows how much he respected his teacher, more than his own dreams."

The ride slowed down, and they found themselves back at the entrance.

Chapter-9

THE SOUVENIER SHOP

Coming out they saw the superb Souvenir Shop .
There were so many things displayed .

They were enthralled with everything . The colourful arrows , bulls eye was big enough to play with , there were small small animal targets , also there were many small small trees which could be brought together to make a make believe jungle . But most of all Eklavya's Statue really captured their imagination .

Reluctantly , as it was getting dark they had to leave for home.They closed their eyes , thought of home , crossed their hands and in a jiffy reached home.

Chapter-10

Chikoo And Cherry Felt A New Sense Of Respect For Their Teachers

Cherry (with a thoughtful expression) “Chikoo, we should share Eklavya's story with our classmates. We should all learn to respect our teachers as much as he did.”

Chikoo (agreeing) “Absolutely, Cherry. Our teachers do so much for us. They guide us and help us grow. They are our true gurus.”

Cherry (smiling) “And we should always appreciate them, not just on special days, but every day.”

They stepped out of the ride, their hearts full of admiration and respect for the ancient story they had just witnessed.

Chikoo (grinning) “Let's make a promise, Cherry. From now on, we'll always be grateful to our teachers, just like Eklavya was to his.”

Cherry (nodding): “Deal! And maybe we'll become archers too”. Both laughed, feeling more inspired and connected to the timeless values of respect, devotion, and learning.
